mygiftstrade

I Like Birds began life in 2014 as a Scottish publisher of bird-themed greeting cards, developed from twin passions for nature and design. It's a simple recipe: Take a dash of retro, a hint of modernism, a dollop of fun, combine with great British design and soak through with a love of nature and nostalgia for a faraway childhood watching wildlife.

We're delighted to be working so closely with My Gifts Trade to bring our much loved notion of birds+fun+design to our first range of ceramics, textiles, coasters, placemats and trays. We hope you enjoy!
