

LOOK BOOK

AUTUMN / WINTER 2024

Cosy Season!

Our new autumn/winter collection sparkles! This collection presents a variety of new and inspirational home styles that will make your home feel stylish and cosy.

One of the many trends in this collection is the beauty of natural tones. A palette of beige tones in different textures is gaining ground in interiors. We are also immersed in different teddy materials this season. We embrace the beauty of nature again from floral patterns to wintry bird dessins. The colour palette has expanded with subtle beige tones and surprising new colours.

In short, Dutch Decor’s new autumn/winter collection offers the perfect look for everyone. Whether you love natural tones, organic shapes or a touch of glamour, this collection has it all!

With love,
Team Dutch Decor

Meet our Eco Line

**ECO
LINE**

MAKE YOUR LIFESTYLE SUSTAINABLE

This collection has been carefully created with Global Recycled Standard certified suppliers. All products consist a percentage recycled materials. During the production process, chemicals and water contamination are reduced. There are improved working conditions in the entire supply chain. As a brand we are proud of our commitment to a better world.

Sustainability

Awareness and approach are central to Dutch Decor. We are aware of our ecological footprint and its impact on the world. Therefore we are continuously working on making our brand more sustainable. This includes the complete process from cotton to the final product. Dutch Decor strives and contributes to a sustainable society.

OEKO-TEX STANDARD 100

Dutch Decor wants to be sure that we offer a good and safe product. Therefore, many products are OEKO-TEX STANDARD 100 certified. They are a global certification system for raw materials and textile products. It concerns our cushion cover, cushion filling and our plaids and poufs.

Our entire production process is tested to ensure that many of our products are harmless to humans. Our products are tested for compliance with the legal rules and regulations concerning environmentally harmful substances such as heavy metals, harmful colourings and plant protection products.

Certifications

Better Cotton Initiative

Some of our cotton is produced according to the guidelines of the Better Cotton Initiative (BCI). BCI is a global non-profit organization and the largest cotton sustainability program in the world. BCI started over ten years ago with the aim of improving global cotton production for both cotton growers and the future of the environmental and cotton sector.

BCI truly supports cotton farmers. The focus is on providing training and learning opportunities for these farmers to adopt more environmentally, socially and economically sustainable production practices. Our BCI-certified cotton farmers produce cotton in a manner that is environmentally responsible. For example, by minimising the negative effects of fertilisers and pesticides and caring for water, soil health and the natural habitat.

Global Recycled Standard

The quality team of Dutch Decor is continuously improving and innovating the production process and obtaining the necessary certifications for our products. We are proud of the fact that we have the first products fully recycled in our Eco Line collection with the Global Recycled Standard label.

We aim to have even more products certified in the future. One way we are doing this is by having our recycled materials comply with the Global Recycled Standard certification. They are intended to check the recycled material in products and to monitor the social, ecological and chemical impact of production. Global Recycled Standard aims to set requirements for the materials used and good working conditions, and to limit the environmental impact as much as possible.

Member of Amfori BSCI

Transparency and a good work and living environment, not only for our own employees but also for our suppliers. We have been working closely with our regular partners in the Far East for years. We are very aware of social compliance and ensure that our partners in the Far East are stimulated through audits to continue to meet our requirements within working and environmental conditions. We are proud to tell you that we as Dutch Decor are a member of Amfori BSCI.

Meet our Essentials

E

With love and care selected: our Essentials collection. This extensive collection offers a wide variety of cushions and plaids. Every product is specially selected with differ in textures, colors and sizes. With over more than 15 different colours and 12 different products, we provide you a wide range of our Essentials collection.
